Quality Cable Management Solutions For Cabinets

You've got your cabinet or enclosure and you need an effective cable management solution to correctly route copper, fibre or broadcast cables with minimum fuss?

CAB-MAN-1U is a low cost but highly effective cable management solution for almost any type of wall, floor, server or broadcast enclosure. Manufactured completely from alloy and generously powder-coated, the CAB-MAN-1U is the must-have cabinet accessory for both post-installation design and of course ease of maintenance.

Ideal for Cat5e, Cat6 and fibre networking installations that need delicate placement without blocking network ports, the slotted design of the management panel is ideal for almost any application within a 19-inch enclosure such as Co-ax for CCTV and broadcast applications.
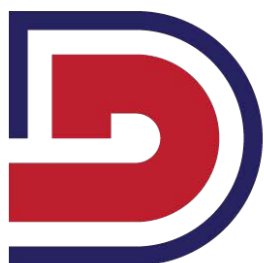

specifications:

1U, 19-inch horizontal mount cable management solution

Slotted 4-ring design - delicately holds patching cables

All alloy construction, black powder-coated finish

Ideal for copper and fibre patching, broadcast and telco

Simple to fit, reduces mess and wastage in any cabinet
