

EXTTOPSLIM

EXTENDED TOP PLATE FOR SLIM MAGLOCK

Replaces the normal top plate supplied with slim maglocks and provides offset fixing positions that enable the maglock to be located in the optimum position. Ideal for cases where the maglock needs to be positioned further away from the door face.

FEATURES

- Suitable for slim maglocks
- Anodised aluminium finish
- Provides additional fixing positions
- For use with outward opening doors
- 2 required per double maglock

TECHNICAL INFORMATION

- Dimensions - 250mm(L) x 45mm(W) x 5mm(D)
