

LigoPoE 12-24 DC to 48V af/at converter

12 – 24V DC to PoE 48V 802.3af/at converter

The converter is used to power 802.3af compatible devices like LigPTP PRO and UNITY from 12-24 DC voltage power sources. This product is ideal solution in solar, wind power systems and outdoor telecommunication cabinets. LigoPoE converter has an isolated powering method; therefore it can be used in cabinets with positive or negative grounding.
