EXIT BUTTONS
Green Domed Collared Button
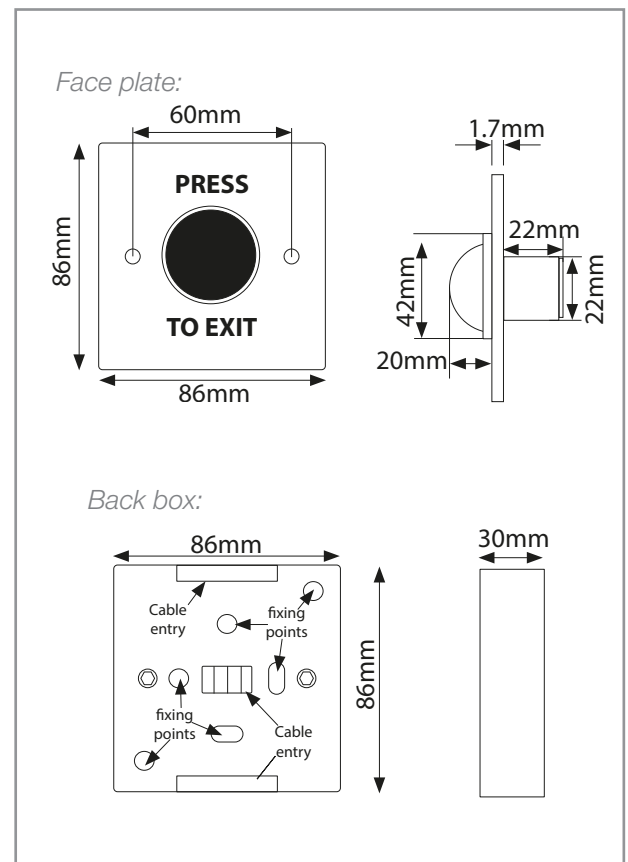

CQR
First choice for quality

CQR offer a range of exit buttons designed to meet the most robust applications and to comply with Health & Safety regulations.

The Green Domed Collared RTE button is designed to be used with access control systems, and comes complete with a green plastic surface back box.
The button can be wired as normally closed and/or normally open and be flush or surface mounted using a standard UK 42mm deep single-gang back box.
