## LOCINOX-VALENTINO

### Surface mounted battery powered code lock

High quality battery powered electronic code lock with aluminium housing. Valentino's energy efficient design makes it very easy to equip any gate with access control, with a minimal need for maintenance. PIN-codes can be easily added, modified or removed. The 20mm continuous adjustability of the bolts allows a perfect latching/locking of the mechanism.

#### Features

- Weather protected illuminated electronic code panel on both sides
- Up to 100 different entry & exit codes
- Supports permanently open codes
- Operates on batteries, battery pack included
- Energy efficient electronic design with up to 150,000 open/close cycles on the same batteries
- Easy and fast set-up or modification of the access codes
- Low battery warning light
- Support for free-exit, push bar, and code controlled handles
- Key-operated unlocking and programming support
- Vandal proof battery compartment

#### Technical Information

- 500k cycles
- ISO 9227 KTL / E-coated lock box withstands 1000 hours of salt spray test
