

EM300CL

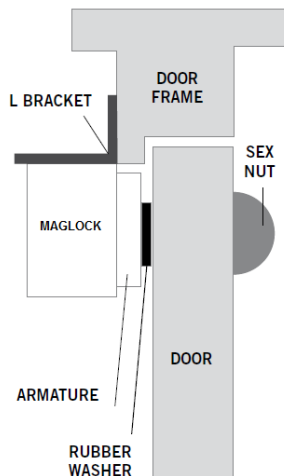

Architectural adjustable L bracket for slim maglocks

This architectural L bracket for slim maglocks has a curved cover which improves the overall appearance, making it ideal for installations where aesthetics are important. Selectable fixing points allow optimum positioning of the maglock on an inward opening door.

Features

- Use to improve aesthetics
- Allows you to hide cable
- Compatible for all slim cased maglocks from SSP
- Adjustable fixing bracket for the magnet to be moved forward or back
- End covers and fixings supplied
- Satin anodised aluminium finish

Technical Information

- 250mm(L) x 48mm(W) x 30mm(H)
- Used on outward opening doors
- 2 brackets required for double magnets
- Maximum adjustment = 18mm in 6mm intervals
