EN 300 224 V2.1.1 (Radio)

EN 301 489-1 V2.2.1 (EMC)

EN 62368-1: 2020 (Safety)

The EPOC-S Responder is pre-programmed with a configuration specifically for the Nightstand operation.

On receiving a Fire transmission, the EPOC responder / Nightstand will flash a hi-intensity white LED, display the Fire alert message with a red background, emit an audible sound and activate the Pillow vibrator.

The EPOC responder can also be used outside of the Nightstand for mobile operation.

Pillow vibrator with 2 m cable and locking connector fitted to rear of Nightstand
