# HD Analogue Box Camera

VA-X2MP+C

Please note: Lens available separately.

The VA Analogue 1/2.8" 2MP IP Box Camera serves as a visible deterrent whilst offering enhanced image quality through a wide dynamic range feature.

The camera supports quad format analogue video via AHD/TVI/CVI and CVBS using a physical push button to move between connections.

The C/CS* lens mounting gives access to a wide choice of lenses enabling you to accommodate your customer's individual site requirements. This also offers flexibility to update the camera as security needs change, making it an ideal choice for large scale installations.

Additional features include Digital noise reduction, Auto white balance, BLC, Sharpness, Mirror and 13-language support. Includes 24VAC to 12VDC 1A convertor for use on current and legacy systems.

Accompanying the VA series of cameras is the VA series of NDAA compliant analogue DVR recorders.

Supports CS lenses out of the box, for C Mount lenses a C/CS adapter is required (not included).
