

## DA341

**24V to 12V DC converter**  
*With regulated output*

*This converter will accept 24V AC or DC input and provides a regulated 12V DC output.*

Output	
Voltage	Regulated 12V DC
Current	Maximum 350mA (500mA Peak)
Connection type	PCB terminal block (2mm <sup>2</sup> )
Input	
Voltage	22V to 27V AC or DC
Connection type	PCB terminal block (2mm <sup>2</sup> )
Environmental	
Operating temperature	-10°C to +40°C
Storage temperature	-20°C to +50°C
Operating relative humidity	Maximum 95% non-condensing
Dimensions*	
Width	90mm
Height	50mm
Depth	20mm
Weight	< 0.08Kg
Enclosure material	Plastic
Finish	White
Other	
Estimated mean time before failure (MTBF)	50,000 hours
CE Approved	Yes

\*(+/- 2mm)
