

Lockable A4 Document Box Range

Product Overview

The A4 sized document box range is ideal for the safe keeping of important documents, log books and other paperwork. Elmdene has now complimented its standard A4 lockable document box with the addition of new enhanced models, providing variation in functionality, sizing and finish.

All Document Boxes can be screen printed with customer or installer logo/details if required (min MOQ required). Two keys are provided with each enclosure.

A4-DOC-BOX

The standard A4 sized box that is ideal for the safe keeping of important system documents. Formed from white powder coated steel with key lock.

A4-DOC-BOX-CLIP

An extended version (9cm higher) of the standard lockable model with an additional bulldog clip to aid secure storage. Formed from white powder coated steel with key lock.

A4-DOC-BOX-R-FIRE

The standard lockable A4 document box branded specifically for fire applications. Powder coated red with white fire logo.
