

8-Core Unscreened Duct Grade Alarm PE

Key Features

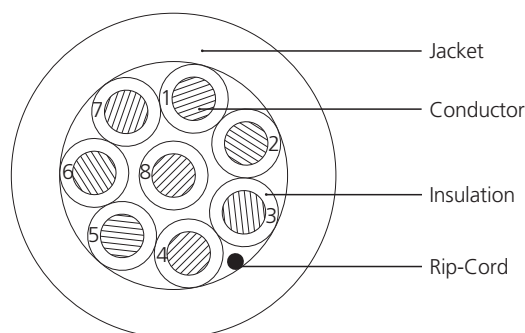

- Low Voltage
- PE Sheath

Coaxial and Specialist Cable

Part No: 000081

General Description:

This 8-core unscreened duct grade cable is a general-purpose unscreened Signal and Alarm cable. The cable is ideal for use in alarm installations where the cable needs to run externally through a duct.

Part Numbers

TRI-000081	8 Core Unscreened Duct Grade Alarm PE – 100m
TRI-000081-500	8 Core Unscreened Duct Grade Alarm PE – 500m

Cable Construction:

Material Breakdown:

Conductor	Material	Tinned Copper-Clad Aluminum
	Group O.D. (mm)	0.55*8 + 0.05
Insulation	Material	PVC
	Diameter	1.10 (+0.05mm) *8
Jacket	External O.D.	5.10mm(+/-0.10mm)
	Outer Material	PE
	Colour	Black
Rip-Cord	Material	Nylon
Inner Sheath Colours		Brown, Green, Yellow, White, Black, Blue, Red, Orange

Electrical Characteristics:

Rated Voltage	300v
Rated Temperature (°C)	-10°C - +70°C
